**X2** 

## "The Legend Lives"

KLANGURTEIL PREIS/LEISTUNG

94 PUNKTE ÜBERRAGEND

- The X2 sparkled during the listening test
- The picking of the guitar chords sounded wonderfully flowing and floaty.
- The system reproduced the impulses powerfully, precisely, and quickly.
- The X2 lured the **details of the string and wind instruments** out of the groove wonderfully. That was a **sovereign performance**.
- Our test candidate X2 behaved proverbially, solid as a rock.
- The turntable-tonearm combination played well above its price range in every way.
