

# Debut Carbon EVO

**One of the best turntables  
in this price range**

- ... very **precise motor control** ...
- ... the deck's entire **craftsmanship is exceptional**.
- The **motor** is **practically inaudible** ... The turntable is **phenomenally smooth-running**.
- **Its sound** can be summed up by one word: **breathhtaking**
- ... the turntable's **bass character** has a **wonderful warmth** and a **pleasant underlying might**. The **mids** are **clear and polished** ...
- ... we were **thrilled** by the deck's **weighty and calm yet highly detailed performance**.
- we currently can't imagine a **better analog sound experience for 500€**
