- **The warm, detail-rich sound** was easily among **the best we heard** while testing.
- It's **very easy to set up** straight from the box and is already fitted with a cartridge, usually seen on more expensive turntables.
- The Pro-Ject's understated **good looks** seal the deal. A **minimalist masterpiece** with no buttons at all on show.
- The Pro-Ject Debut Carbon EVO gets top marks for its **fantastic sound quality** and **stylish looks**.
